Welcome to the Resume Workshop

This Presentation was created for our partner,

YWCA

Presented by HireMinds.*app*

Together, we are empowering participants with the tools to create professional resumes and move closer to meaningful employment.

Housekeeping

A few expectations before we begin.

Workshop expectations

- Please silence or turn off cell phones
- Stay engaged and follow along on the website
- Ask questions at any time if you get stuck
- Keep login information available for today
- Respect everyone’s pace and privacy

Session flow

- This is a hands-on working session
- We will pause for two 15-minute breaks
- We will complete short activities throughout the workshop
- The goal is to leave with real progress, not just information
- Final check: review resume and next steps before dismissal

Workshop outcomes

What participants should know and complete before they leave.

By the end of the session

- Create a Career Passport account and sign in
- Complete core profile information
- Build or improve a resume using HireMinds
- Understand how to use generators for job search tasks
- Identify soft skills and industry core skills to strengthen applications

Participants will also practice

- Navigating the home page and profile editor
- Using interview question and follow-up tools
- Saving skills and goals that support target roles
- Using the job log and budget tools for planning
- Finding community support and next-step resources

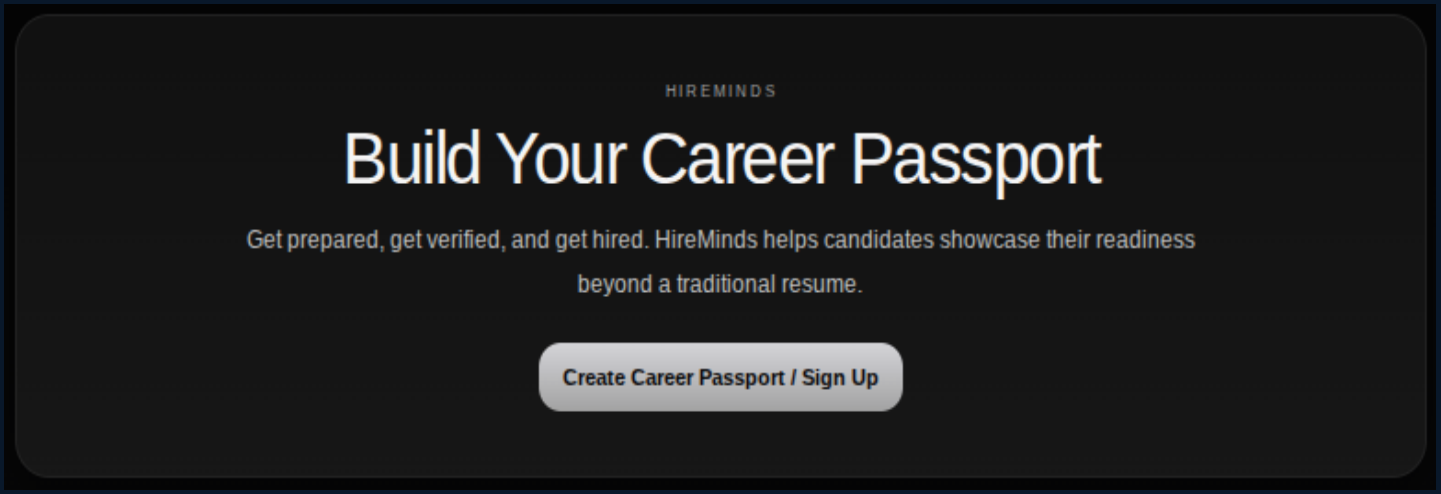
Workshop agenda

Suggested flow for a full working session.

1. Create Career Passport account and sign in
2. Review the CareerToolkit and navigation
3. Complete the career passport private profile editor
4. Build the resume and review resume formats
5. Practice cover letters, interview tools, and follow-up tools
6. Explore analyzer, skill cards and video library feed,

Career Passport home page

Use the real home page so participants know where everything lives.

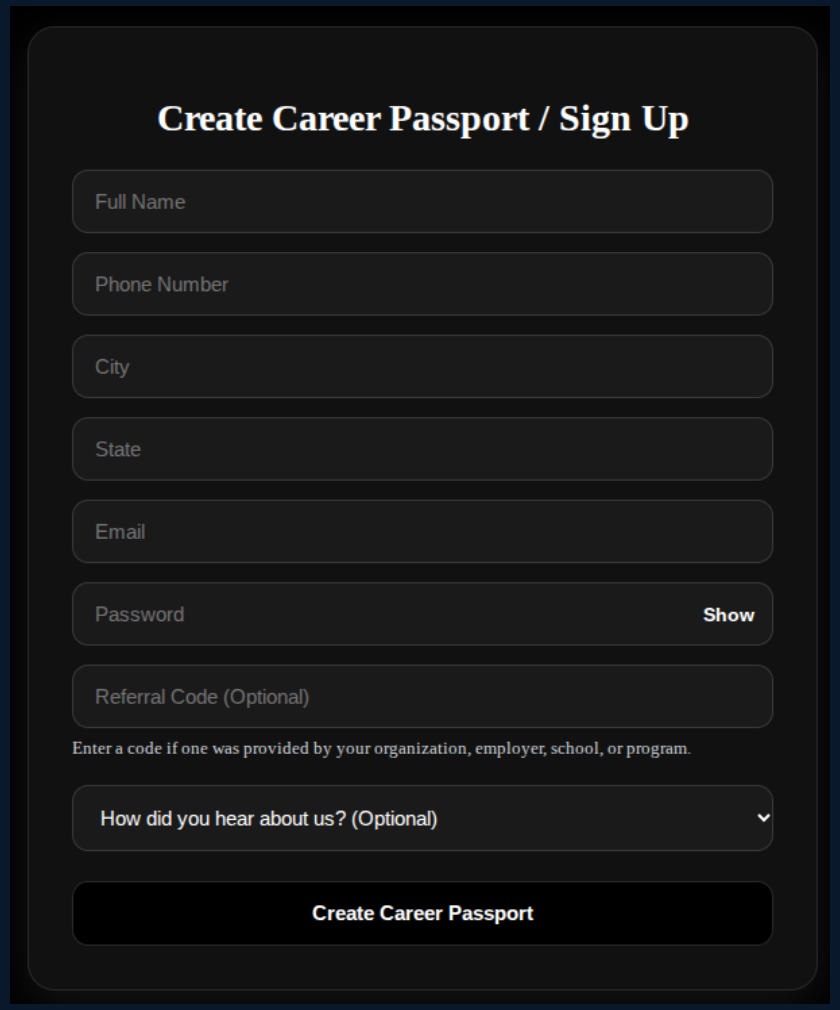


Sign Up

- Create Career Passport / sign-up entry point
- What comes next after account creation
- How the platform connects profile setup to job search tools

Create the Career Passport

Start on the actual sign-up page participants will use.

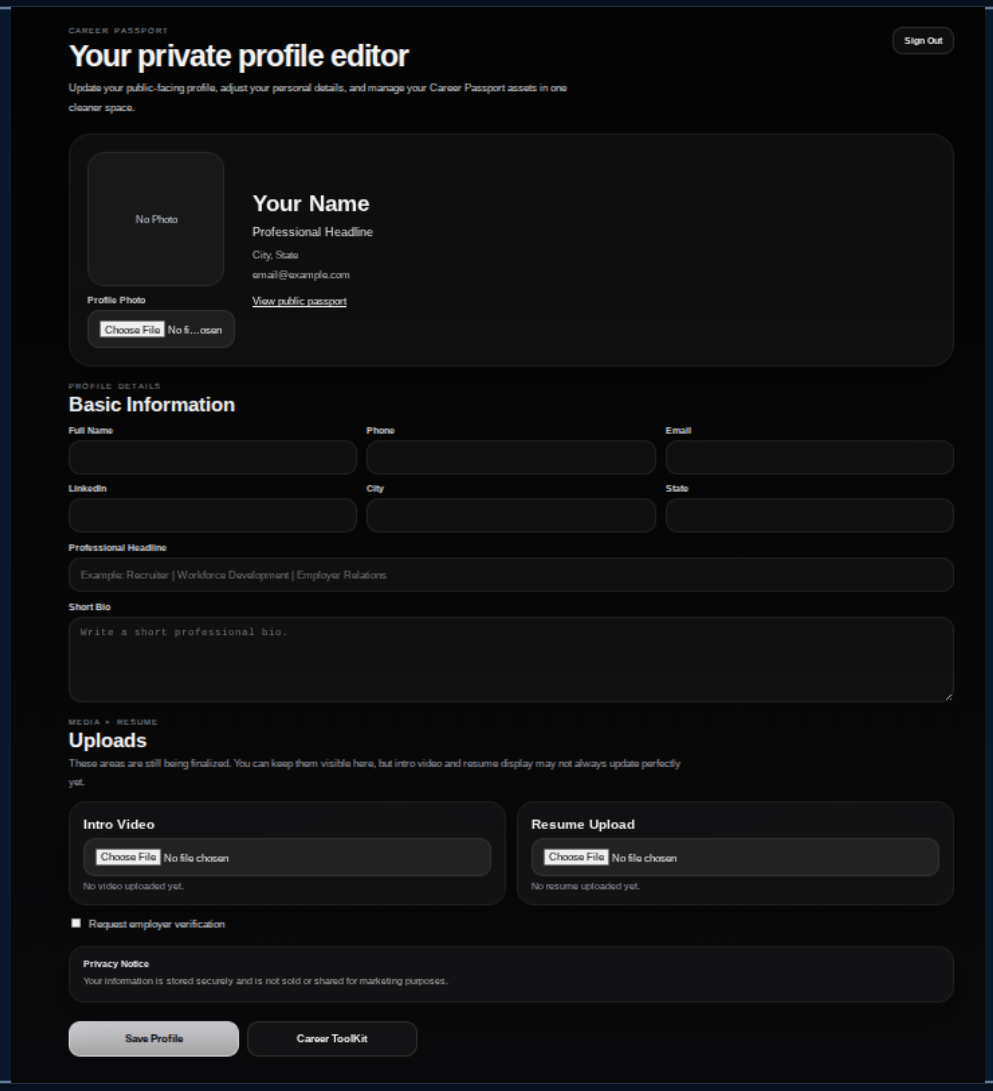


What to enter first

- Full name, phone number, city, and state
- Email address and password for the new account
- Use an email participants can access right away
- Enter Referral Code: **YWCA**
- Write down login information before moving forward

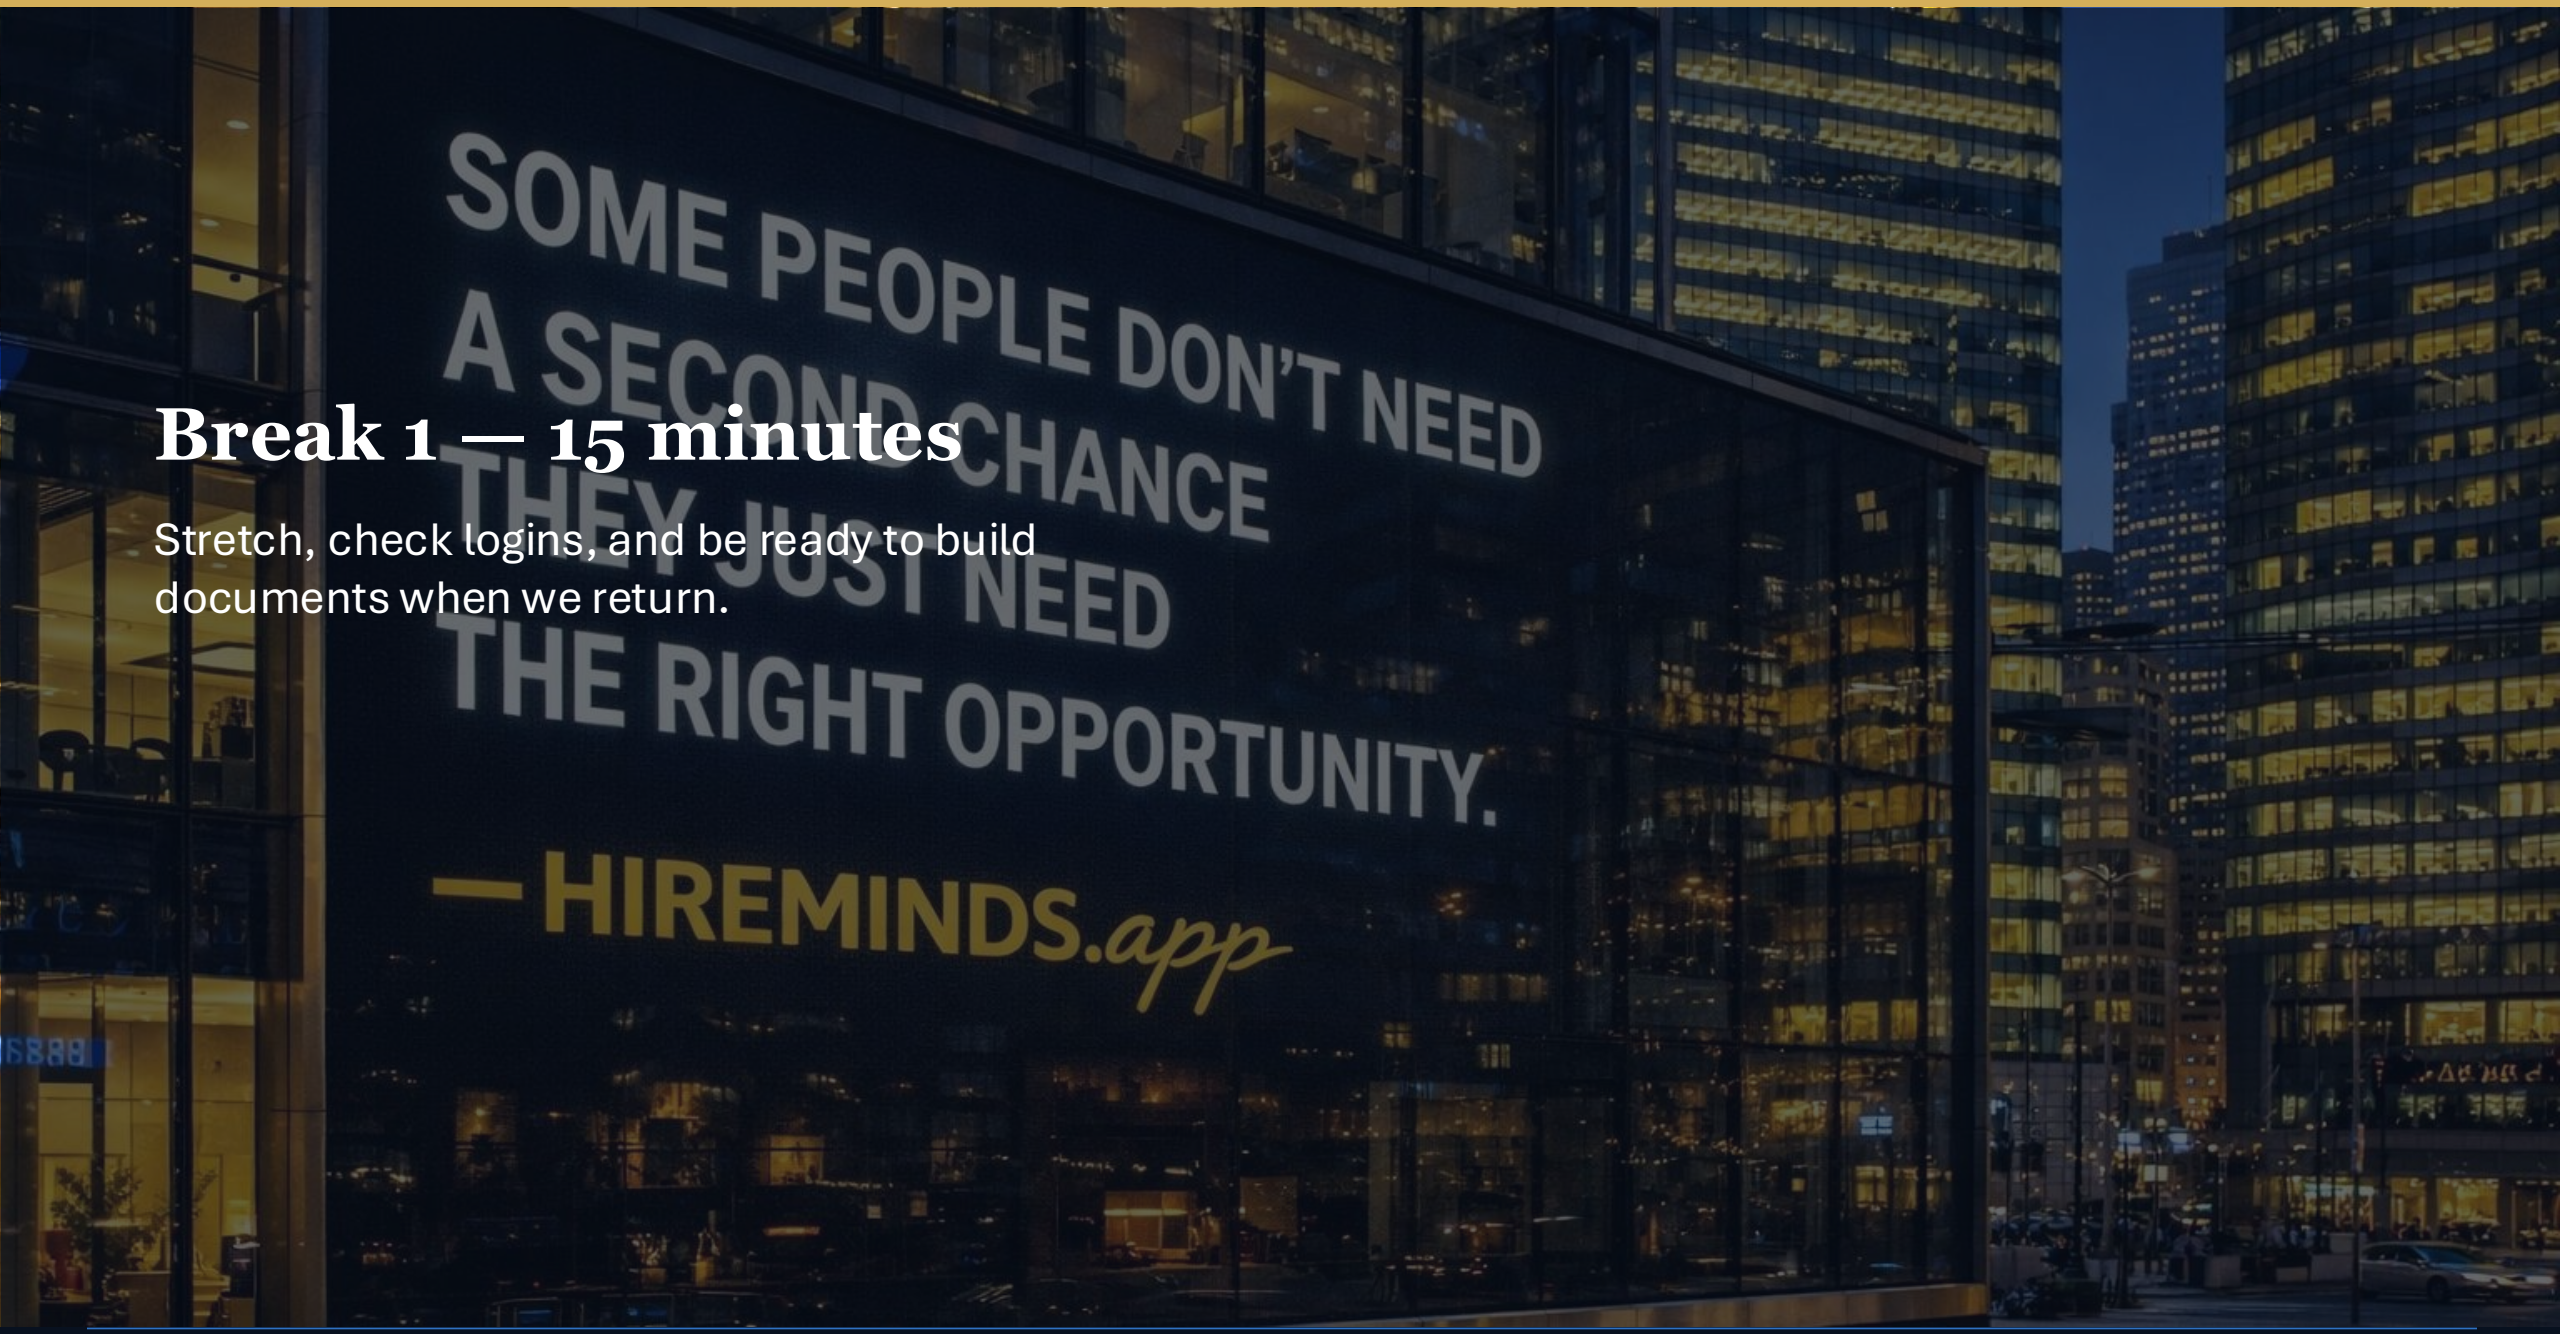
Complete the private profile editor

This is the core setup area participants should finish early in the workshop.



Priority fields

- Basic information and contact details
- LinkedIn, city, state, and professional headline
- Short bio or summary statement
- Profile photo only if appropriate and professional



Break 1 — 15 minutes

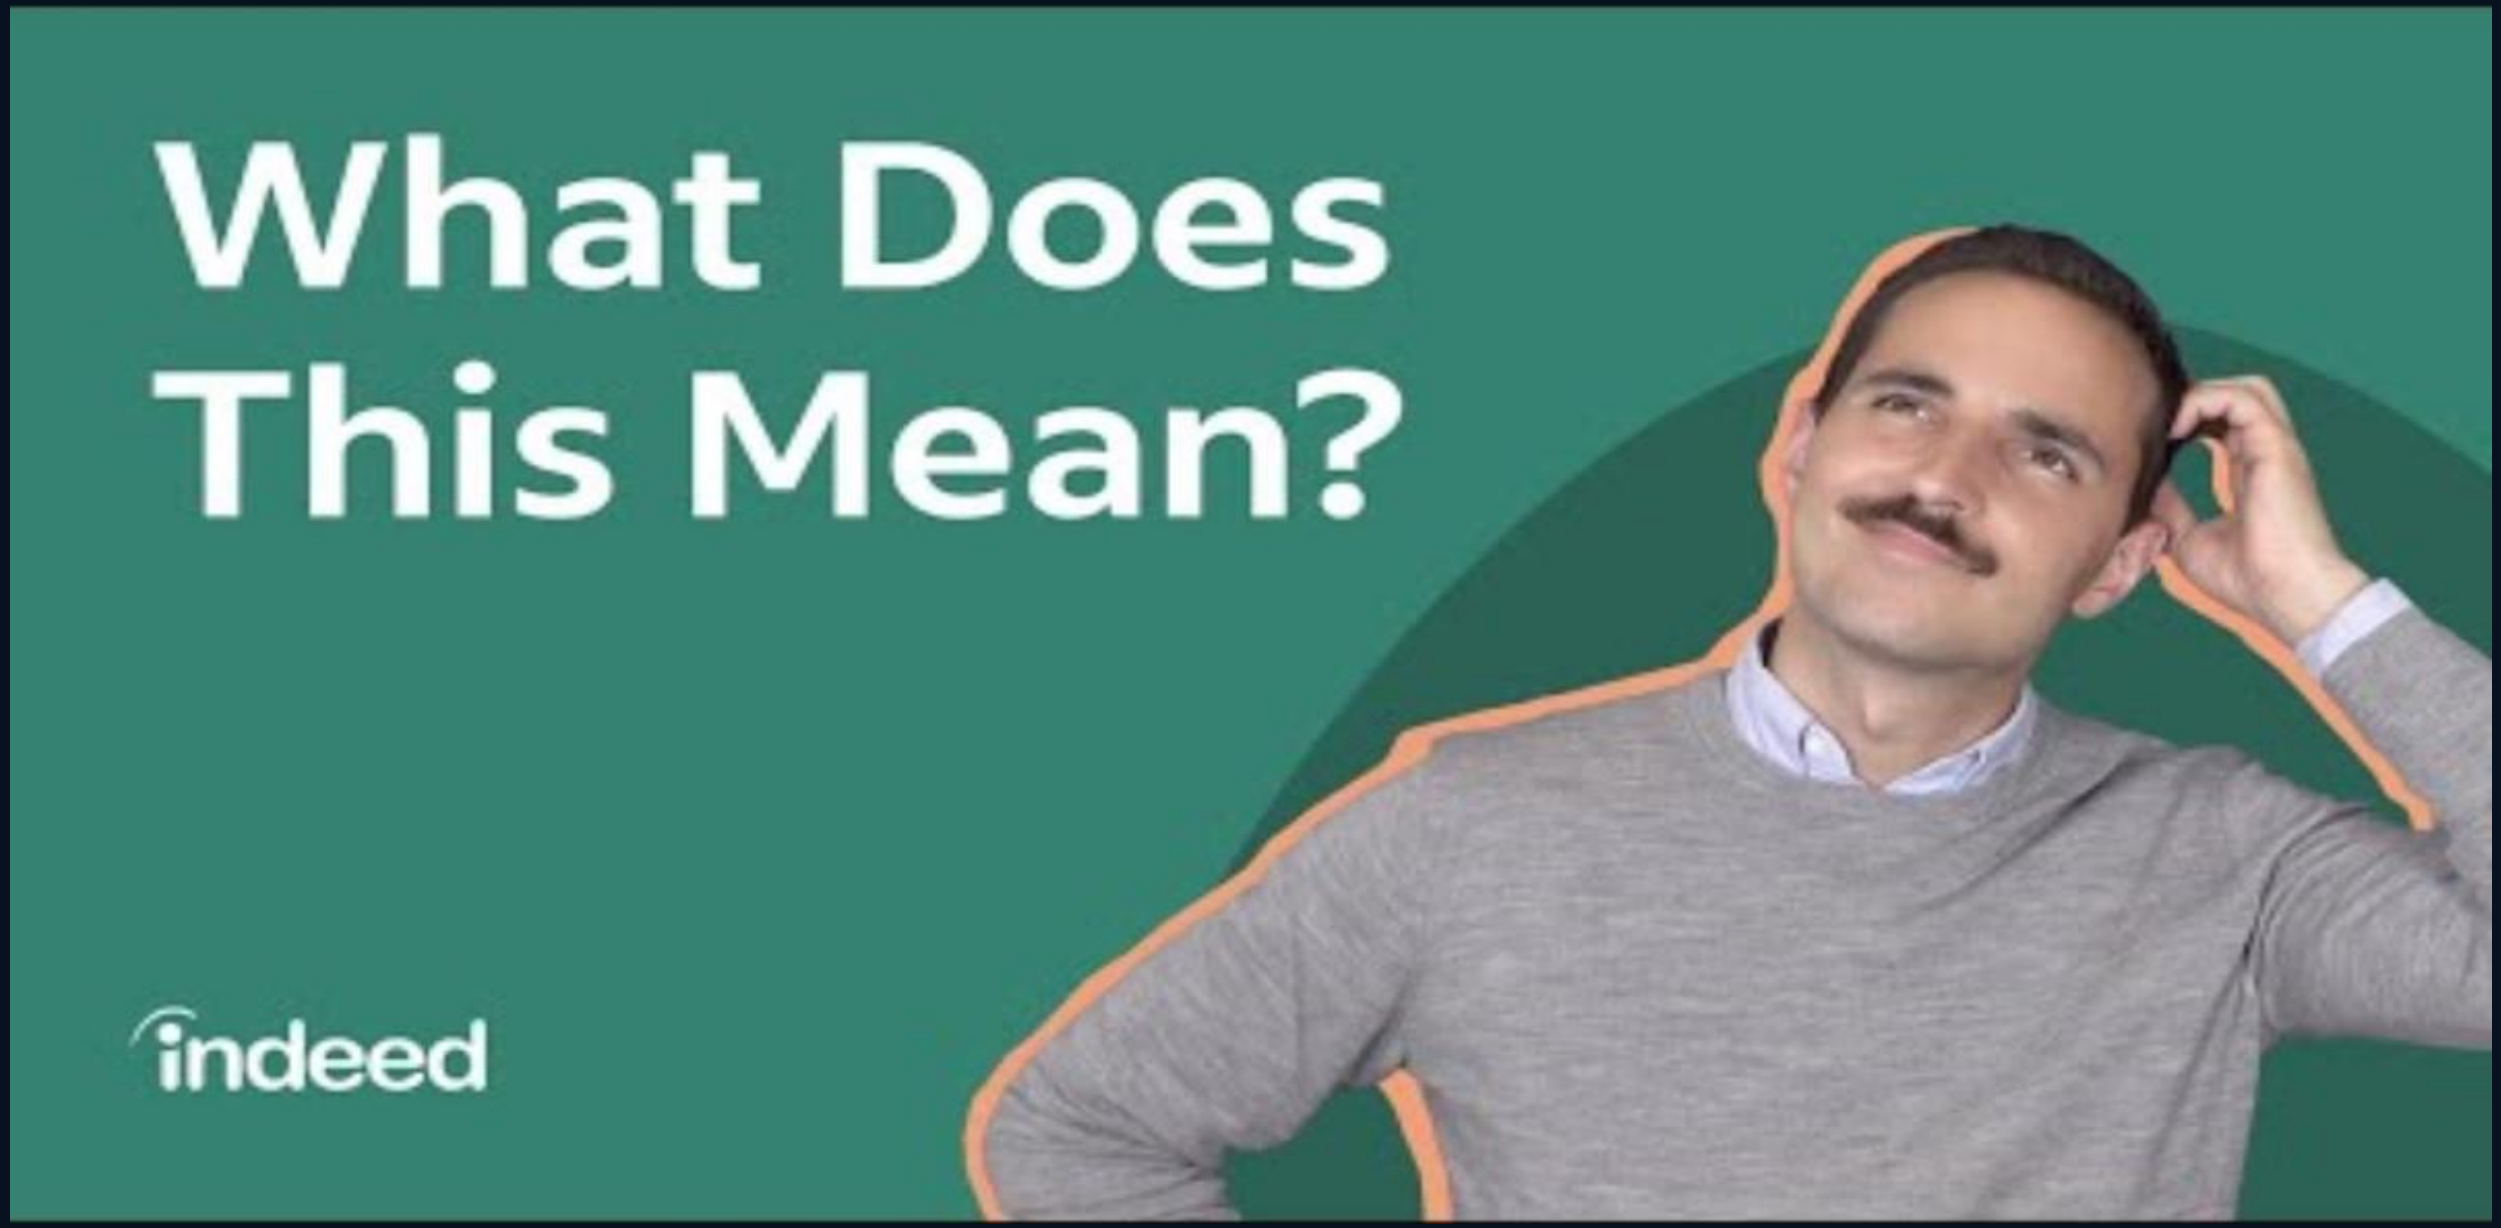
Stretch, check logins, and be ready to build documents when we return.

Why Reading a Job Description Matters

Goal: Help you understand what to look for in a job posting before applying

Now we're going to watch a short video on how to review a job description before applying. .

- Helps you understand what the employer is really looking for
- Shows whether your skills and experience match the role
- Helps you identify important keywords to use in your resume
- Gives insight into job duties, expectations, and qualifications



What Does
This Mean?
indeed

Searching and Applying Using a Job Board

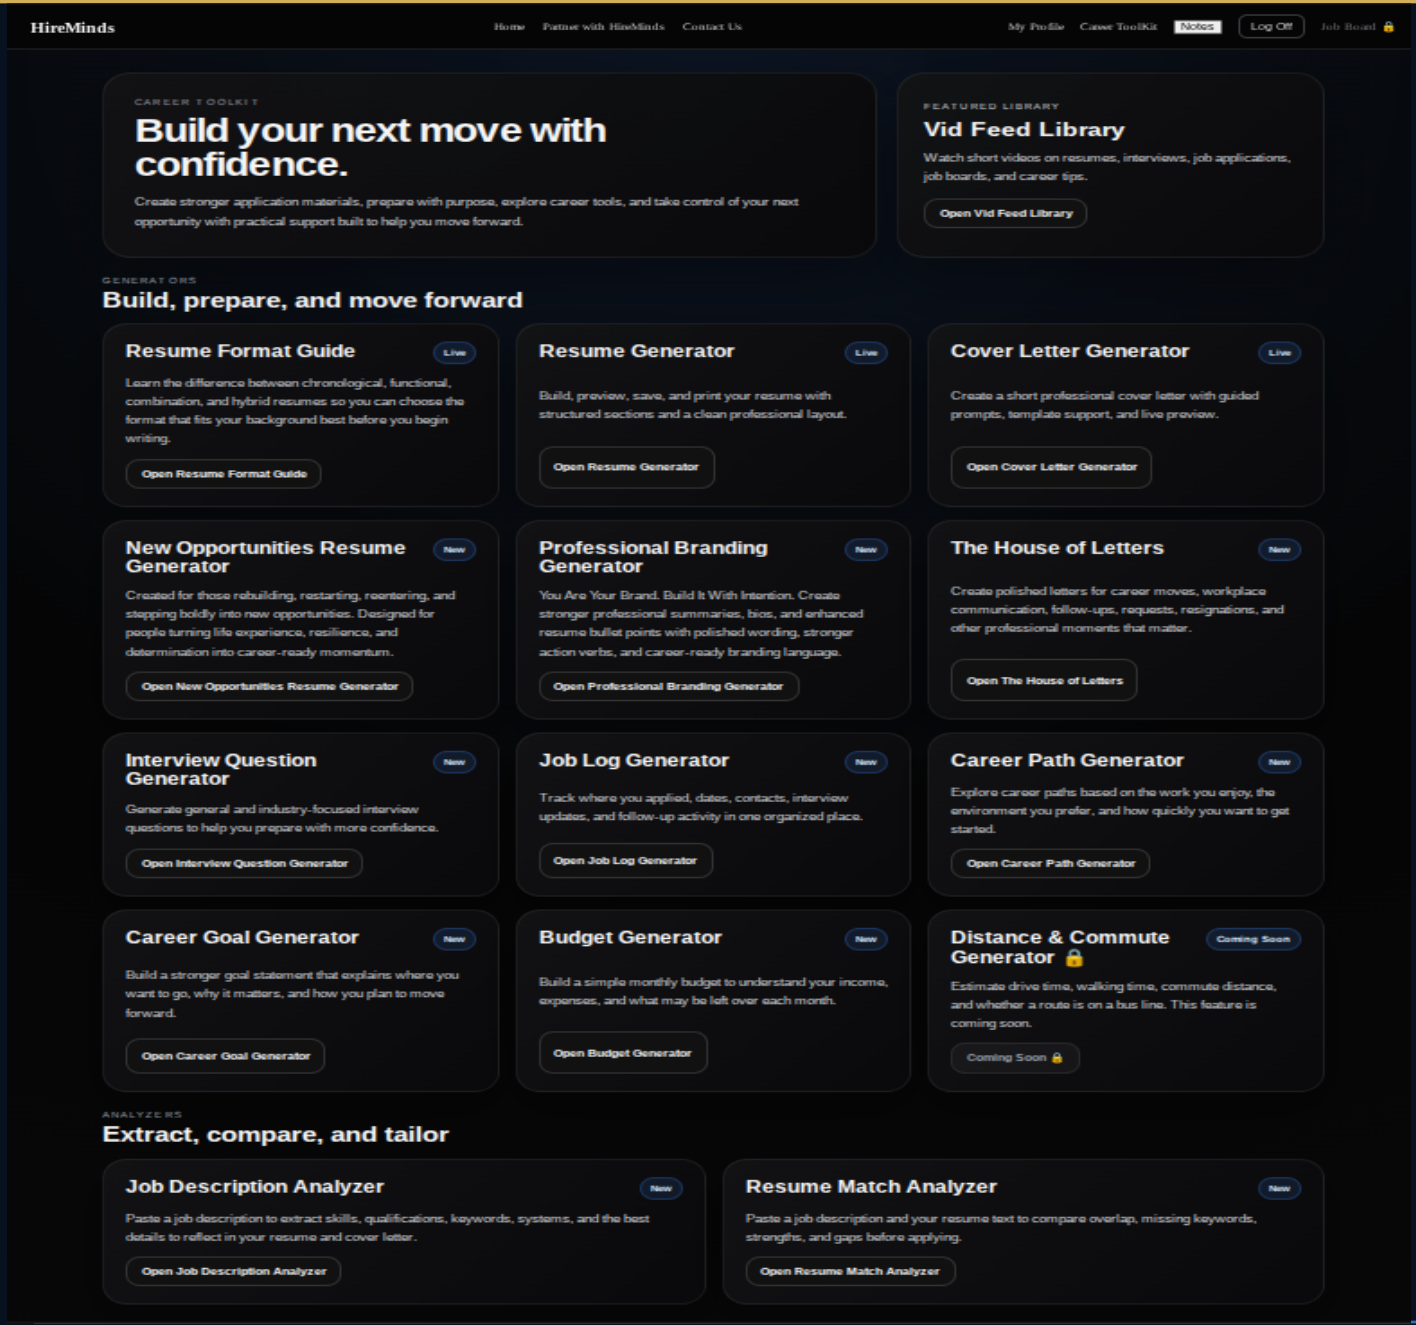
Goal: Learn how to search smarter and apply with confidence.

Now we're going to watch a short video demonstrating how to search and apply for jobs using a job board

- Search for jobs using keywords and location
- Filter results to find the best matches
- Read job postings carefully before applying
- Upload your resume and complete application

INDEED

SEARCHING AND APPLYING FOR JOBS



Career ToolKit

- Build professional resumes with guided support
- Create tailored cover letters for job applications
- Prepare for interviews with practice questions
- Create short bio or summary statement
- Use budget tools
- Watch short videos on resume, interviews, job applications, job boards, and career tips.

Resume Formatting

Goal: Help participants understand how to organize and format their resume.

Now we're going to watch a short video that shows how to format a resume, so it looks clean, professional, and easy to read.

- Explains the importance of clear headings and sections
- Reviews spacing, alignment
- Make it easy to scan by employer and ATS
- Supports a stronger first impression

FORMATTING THE RESUME

2 Types of Resume Generators

The main tool for turning profile details into a strong working resume.

Resume Generator

- Creates or improves resume content faster
- Turns profile details into usable resume sections
- Helps participants organize experience, education, and skills
- Gives a starting point that can be edited for target jobs

New Opportunities Resume

Fully Guided Resume Generator

- Veteras
- Reentry
- Career Restart
- Stay at Home Parent
- Homemaker, Caregivers
- Little to no work experience

Created for those rebuilding, restarting, reentering, and stepping boldly into new opportunities. Designed for people turning life experience, resilience, and determination into career-ready momentum.

Industry core skills vs Soft Skills

Use this section to connect participants with the language employers expect.

Industry Core Skills

- Industry skills help resumes match real job postings
- Participants can identify missing or transferable skills
- The page supports career exploration and stronger applications
- It helps facilitators coach participants toward the right language

Soft Skills

- Search one target industry or job family
- Select five core skills that fit the participant's goals
- Add matching skills to the resume draft where appropriate
- Highlight one skill to build next through training or experience

Analyzer

Move beyond job titles and show the strengths employers look for.

Job Description Analyzer

- Breaks down the job posting into key requirements
- Highlights skills, duties, and qualifications
- Identifies important keywords from the posting
- Helps you understand what the employer is looking for
- Helps you focus on the qualifications and expectations that matters most

Goal: Helps understand what employers are looking for before you apply.

Resume Match Analyzer

- Compares resume to job posting
- Measures how well you match
- Identifies gaps or missing keywords
- Helps tailor your resume
- Improves your chances of getting noticed by employers
- Similar to an ATS because it looks at how well a resume matches a job description

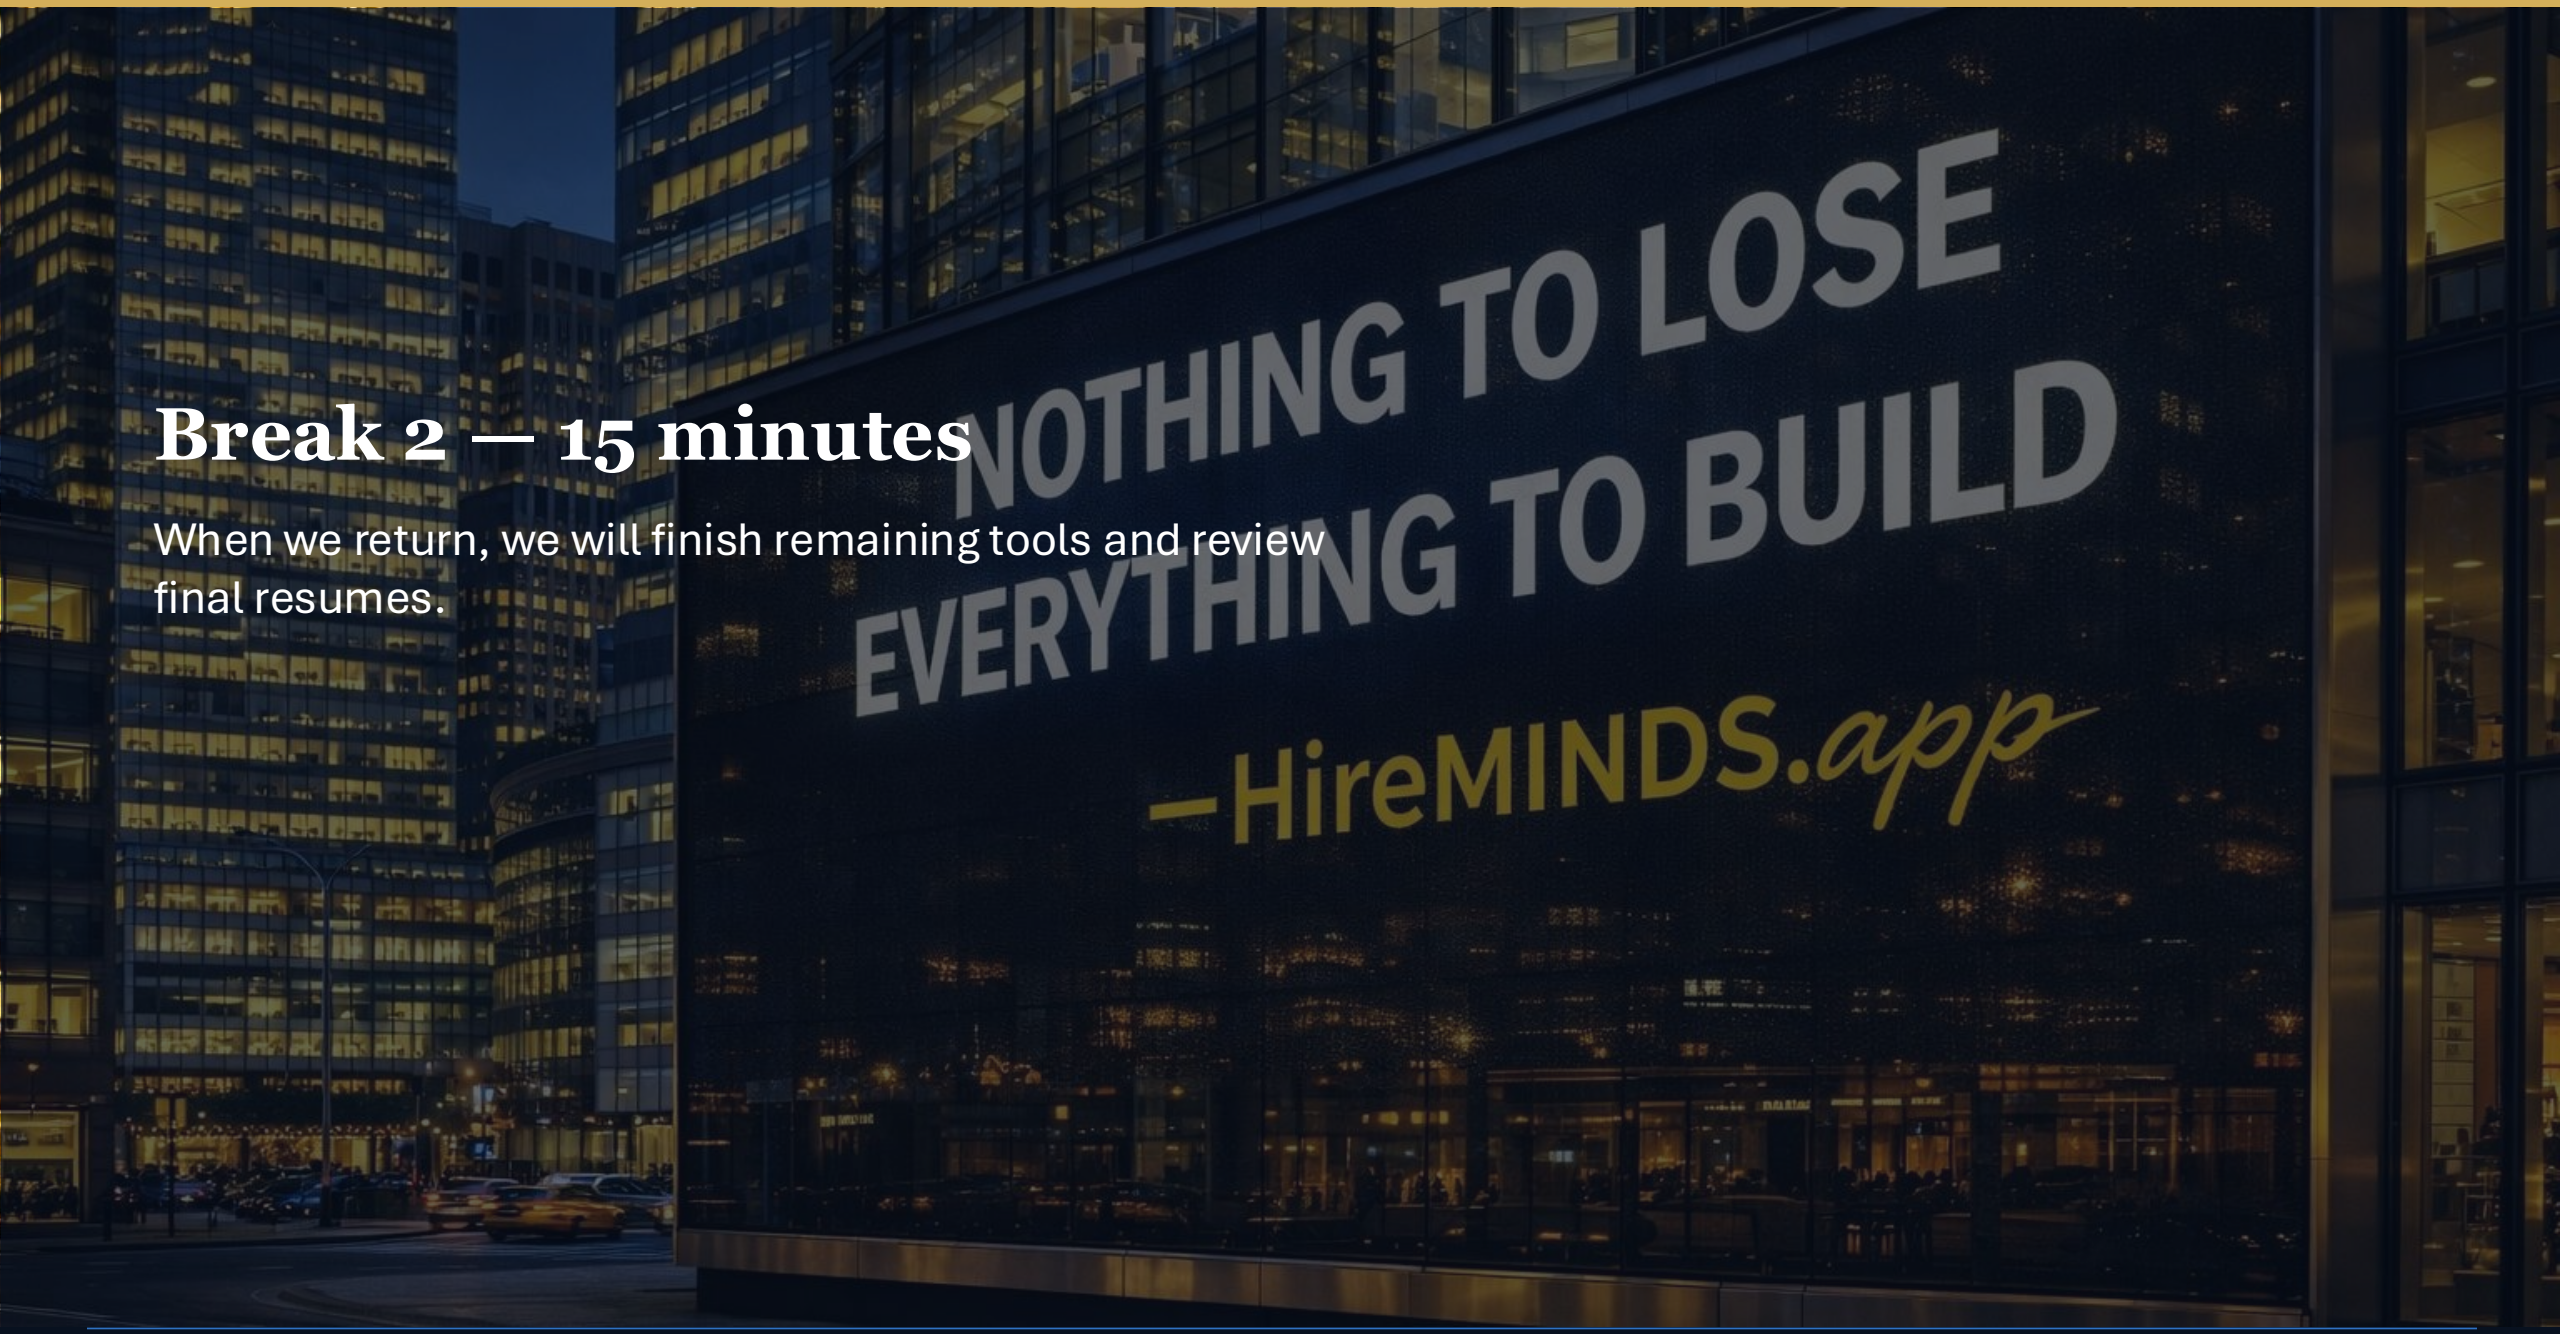
Goal: Helps you compare your resume to a job posting and identify ways to improve your match.

Vid Library Feed

Show participants that the platform is not only for documents.

1. Offers quick access to career readiness videos.
2. Supports different learning styles through visual content
3. Covers topics like resume, interviews, and job search tips
4. Helps reinforce lesson taught during workshops
5. Gives participants tools they can revisit anytime
6. Makes learning more engaging and interactive
7. Breaks down important topics into simple, digestible videos
8. Expands the toolkit beyond forms and generators

Goal: Helps participants learn through visual, easy-to-follow content they can watch at their own pace.



Break 2 — 15 minutes

When we return, we will finish remaining tools and review final resumes.

Ace Your Job Interview

Goal: Help you feel prepared, confident, and ready to succeed.

Now we're going to watch a video on how to Ace our Job Interview.

- Show confidence and professionalism
- Make strong first impression
- Ask thoughtful questions at the end of the interview
- Follow up professionally after the interview

Ace your Job Interview

Dressing for the Interview

Goal: Dress for the job you want while keeping the company culture in mind.

Now we're going to watch a short video on how to dress based on the job you're interviewing for.

- Dress for the job you want
- Match the workplace culture
- Keep it neat and professional
- Not every job needs a suit
- First impressions matter

CNBC make it
How To
Dress For Any
Job Interview

Hands-on website practice

Give participants time to work inside HireMinds while support is available.

1. Sign in and confirm the Career Passport account is active.
2. Complete the profile editor with basic information, headline, and short bio.
3. Build a resume draft and review format choices.
4. Use soft skills and industry core skills to improve the draft.
5. Open one more generator: cover letter, follow-up, budget, job log, interview question, career path, or career goal.
6. Save progress and identify one action to complete after the workshop.

Facilitator check-in: stop halfway through this activity and ask who has a completed resume draft already saved.

Wrap-up and next steps

End the workshop with something completed and something planned.

Before participants leave

- Confirm the Career Passport account is active
- Save the resume draft
- Save at least one generator output besides the resume
- Identify two skills to keep building
- Know the next action after today

Suggested final check

- Does the resume match the target role?
- Is the contact information correct?
- Were soft skills and industry core skills reviewed?
- Was one interview or follow-up tool used?
- What will the participant do next within 48 hours?
